Rely-A-Pay will usually begin within 30 to 60 days after we receive your authorization form. You'll know that the automatic withdrawal program is in effect when you receive a bill with the words "DO NOT PAY".

Rely-A-Pay customers should carefully review their monthly bill statement to identify any abnormal consumption patterns. Doing so can point out the need for energy efficiency improvements or other money-saving measures.

In the event there are insufficient funds in your account to cover your utility bill, an NSF fee will be charged to your OUC account for every unpaid debit. More than two instances of non-sufficient funds will result in automatic cancellation from Rely-A-Pay. Abnormally high consumption can cause a larger amount than expected to be deducted from your account. After reviewing your bill, it is your responsibility to contact OUC if your bill amount is higher than normal and you feel it is necessary to use an alternative payment method.

I authorize the Orlando Utilities Commission to initiate monthly debits and/or credits to my bank account at the financial institution named above.
