

OUC UNVEILS LARGEST SOLAR PROJECT IN UTILITY'S HISTORY

Harmony II and Storey Bend Solar Energy Centers Will Double OUC's Solar Capacity

OUC – The *Reliable One* recently celebrated the grand opening of the largest solar project in its history. OUC, AdventHealth, Comcast NBCUniversal and Florida Renewable Partners gathered in Osceola County to unveil the Harmony II and Storey Bend Solar Energy Centers. The two 74.5-megawatt (MW) arrays, located on separate 600+ acre sites, will more than double OUC's existing solar capacity.

AdventHealth and Comcast NBCUniversal have signed on as anchor tenants – subscribing to a significant portion of each solar energy center through OUC SunChoice. The program enables commercial customers to support solar energy, while offsetting all or part of their electric consumption, and meet sustainability goals, without installing or maintaining the infrastructure themselves.

AdventHealth will offset 50% of their energy consumption in OUC's service territory by subscribing to the Harmony II Solar Energy Center. Comcast NBCUniversal will offset 30% of their energy consumption at Universal Studios, Islands of Adventure and CityWalk through their subscription to the Storey Bend Solar Energy Center.

Florida Renewable Partners, a division of NextEra Energy, built the solar arrays and will continue to operate them. OUC has signed a 20-year power purchase agreement to receive the clean energy produced at Harmony II and Storey Bend.

With the new facilities, OUC's solar energy portfolio totals 271.5 MW of capacity, or enough to power 50,000 typical Florida homes.

Easy Ways to Lower Your Bill

Looking for ways to save money on your utility bill? Schedule a FREE in-home energy efficiency audit and an OUC conservation specialist will evaluate your home's energy efficiency and suggest improvements that will help you save money.

Get started from the comfort of your own home at OUC.com/energyaudit.

Changes Coming Soon for Residential Solar

OUC's net metering policy and residential rooftop solar program are changing effective **July 1, 2025**. For details, please visit OUC.com/TruNet.

May is National Safety Month

Below are tips from OUC to help keep your loved ones safe.

INDOOR SAFETY:

- ⚡ Use correct wattage bulbs
- ⚡ Inspect electrical cords for damage
- ⚡ Replace faulty appliances
- ⚡ Cover unused outlets
- ⚡ Never remove the third prong of plugs
- ⚡ Test smoke alarms monthly, change batteries yearly

OUTDOOR SAFETY:

- ⚡ Call 8-1-1 before digging
- ⚡ Keep kids and pets away from power tools
- ⚡ Avoid using electrical devices in wet conditions
- ⚡ Use outdoor-rated extension cords
- ⚡ Stay 10 feet from power lines
- ⚡ Look when you're walking. Watch out for open water meter boxes

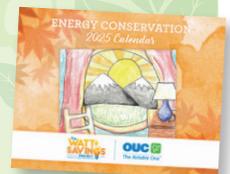

For more tips, visit OUC.com/safety.

Celebrating Student Creativity in Energy Conservation!

OUC recently honored 13 talented Osceola County students for their creative artwork promoting energy conservation. As part of the Watts Savings Project, 4th and 5th graders designed inspiring messages about sustainability. Their work will be featured in OUC's 2025 Energy Conservation Calendar, with a Lakeview Elementary 5th grader's

artwork chosen for the cover! Students were recognized at a special awards banquet at Osceola Arts. We're proud to support young minds making a difference!

Check out the winning artwork and learn more at www.OUC.com/wattssavings.
